## M.D. OF BIGSTONE WANTS RAILWAY FROM WETASKIWIN

### Kiwanis Club asked to Co-operate in Securing Better Outlet for Products

The Kiwanis Club had as their guests on Tuesday evening the reeve and council of the Municipal District of Bigstone, and as a result of the round table conference in which the views of both the rural and urban citizens were given on several matters, it is believed that a better understanding of the problems of the community has been created.

Reeve Ratnay and Mr. E. N. Ratnay, the secretary treasurer, were the principal speakers for the visitors, and they asked for the cooperation of the club in getting the Canadian Pacific railway to run west of Wetaskiwin to the Yellowhead Pass, and connect with the main line at Kamloops. Mr. Ratnay pointed out very clearly the great needs of the railway and the benefits that would accrue to both the country and city in the event of such a line being built.

Several members of the club spoke in favor of the proposal, and the matter was unanimously referred to the public affairs committee.

President Bob Manley gave a very interesting address on the work of Kiwanis, and referred to a few of the activities of the local club, such as the swimming pool, the planting of trees, the annual kiddies' picnic to Pigeon Lake, the awarding of prizes for the best gardens, etc., as well as endeavoring to create a better relationship between the country and city men. The club would assume the leadership in everything that would be for the good of the community, and if the farmer friends had any difficulties at any time the club would be only too glad to assist in solving them. It was reported that the Club N.W. has now donated \$125.00 to be applied to the swimming pool fund, as a result of their play.

It was also decided that the Kiwanis men go on a carnival about the end of June, when it is hoped that sufficient funds will be raised to complete the work of the swimming pool.

## SCHEDULE OF GAMES FOR U.F.A. LEAGUE

The following is the schedule of games adopted for the U.F.A. baseball league, commencing with Saturday next:

- May 22—Cherry Grove at Malmo.
- May 29—Dahmuel at Bear's Hill.
- May 29—Malmo at Gwynne.
- June 5—Bear's Hill at Dahmuel.
- June 5—Bear's Hill at Cherry Grove.
- June 12—Gwynne at Bear's Hill.
- June 12—Cherry Grove at Dahmuel.
- June 19—Cherry Grove at Gwynne.
- June 19—Dahmuel at Malmo.
- June 26—Dahmuel at Cherry Grove.
- June 26—Malmo at Bear's Hill.
- July 3—Gwynne at Dahmuel.
- July 3—Bear's Hill at Malmo.
- July 10—Bear's Hill at Gwynne.
- July 10—Malmo at Cherry Grove.

## W.C.T.U. Convention

The 14th annual convention of the Central Alberta District, W.C.T.U. was held in the United Church at Oids, on May 4th and 5th. Seven unions were represented, 20 delegates being present.

On Tuesday evening Mrs. McKinney, provincial president, addressed a large congregation on the aims of the organization.

The following officers were elected: President, Mrs. H. M. Reher, Didsbury; vice president, Mrs. T. J. Coote, Clive; cor. secretary, Mrs. J. J. Poole, Wetaskiwin; sec. secretary, Mrs. C. J. Edwards, Innisfail; treasurer, Miss M. A. High, Red Deer.

## PONOKA ELKS ARE HOLDING BIG CARNIVAL NEXT WEEK

Something out of the ordinary in the entertainment line is promised at the P.N.O.E. Carnival to be held at Ponoka, next week, which starts on Monday, Victoria Day, and continues until Saturday.

An unusually long list of free attractions have been booked and in addition to a mammoth dance four fourteen concessions are to be in operation. It is evident the "Bills" in our neighboring town believe in upholding the Elks' tradition of putting everything over with a bang.

## WEED INSPECTOR IS APPOINTED FOR M. D. OF BIGSTONE

The regular meeting of the council of the Municipal District of Bigstone was held in Lone Ridge Hall on May 5th, with all the councillors present. The minutes of former meeting were adopted as read on motion of Coun. Hanson.

The matter of appointment of weed inspector was taken up and applications read from the following: Lou Hanna, R. C. Young, L. P. Wright and Harvey Riggan. It was moved by Coun. Burleigh that the remuneration for weed inspection be \$4.00 per day for a period not exceeding 30 days and ten cents per mile for the mileage necessarily travelled in weed inspection, if necessary the time to be extended only at the discretion of the council. Carried.

It was moved by Reeve Ratnay that R. C. Young be appointed weed inspector. Carried.

It was moved in amendment by Coun. Olson that Lou Hanna be appointed weed inspector. The amendment was lost and the motion carried appointing R. C. Young as weed inspector.

It was moved by Reeve Ratnay that weed inspector be sent to the meeting of weed inspectors at Oids. Adjutant Jones spoke to council in connection with the work of the Salvation Army. It was moved by Coun. Burleigh that \$100.00 be given as a grant to the Salvation Army. Amendment by Coun. Arnold that the sum be \$80.00. The motion carried.

A letter from Alex. Knox, reporting progress in case of impounded horse, was filed.

A letter from A. S. Stewart asking for an survey work required by the council was filed.

A letter from the department of municipal affairs regarding destruction of pests, was filed.

A letter from the department of municipal affairs in connection with recent changes in legislation was read and filed.

A letter from the Kiwanis Club, Wetaskiwin, respecting public campaign, was read.

A letter from H. O. Young was read and filed.

A letter from Mrs. Braumen asking for bridge to be built to allow her access to her land was read. The matter was left with Coun. Krause for attention.

A letter from the M.D. of Columbia stating they were endeavoring to have pounds established, was read.

It was moved by Coun. Hanson that a sum of \$600.00 be appropriated for necessary expenditures in each of Divisions 1, 2 and 3.

The secretary was instructed to write Albert Olson in connection with drug blades ordered at the last meeting.

It was moved by Coun. Hanson that a special meeting of the council be held at Malmo on May 31st to look into the matter of closing roads around the lake for vehicular traffic.

A deputation, consisting of Messrs. Bailhore, McMurdo, Ramsden and Sparks addressed council and solicited a donation to assist in wiping off the debt of the Exhibition Association. It was moved by Reeve Ratnay that the matter of grant to association be left over until next meeting.

It was moved by Coun. Burleigh: "That whereas the country to the west of Wetaskiwin has been for years, very much handicapped by poor railway facilities, this council approach the Kiwanis Club and citizens of Wetaskiwin with a view to cooperating with the farmers west of Wetaskiwin for the purpose of trying to induce the C.P.R. to extend the railway from Wetaskiwin west, as we believe it would be for their mutual benefit." Carried.

## SURPRISE PARTY FOR MRS. A. SODERSTROM

A number of the friends of Mrs. A. Soderstrom tendered her a surprise party at the home of Mr. and Mrs. Lundell south of the city on Saturday last, on the occasion of her birthday. Mr. Wick gave a splendid birthday, and Mrs. Soderstrom entertained with several Swedish songs. Mrs. Versa Johnson presented Mrs. Soderstrom with a beautiful bouquet of flowers, and Mr. Lundell, in a few well chosen words, presented her with a beautiful gift. Mrs. Soderstrom responded to the addresses in a very grateful manner, after which dainty refreshments were served and a jolly evening spent.

## LIBERAL CONVENTION FRIDAY AT LEDUC

A Liberal nomination convention is to be held in Leduc on Friday, May 21 at two o'clock for the purpose of nominating a candidate to contest the newly enlarged constituency. The newly elected Liberal leader, Capt. Jos. T. Shaw, will address the meeting.

## TO THE PUBLIC

We desire to draw the attention of the public to the closing of the stores in the city on Wednesday afternoon during June, July and August, in accordance with the bylaw passed by the council last year.

## BOYS' CAMP AT PIGEON LAKE

A meeting was held in Wesley Hall, Wetaskiwin, on Tuesday evening of this week, with representatives from Leduc, Camrose and Wetaskiwin. Arrangements were made to hold a district camp for boys at Pigeon Lake this summer. All present were in favor of opening a camp for both Tuxis and Trail Ranger boys.

The general committee, to determine the site, date, publicity and promotion of the camp consists of Mr. I. Casey, chairman, and Messrs. Symington, Camrose, and Ennis and White, of Leduc.

The committee in charge of the business management of the camp is Messrs. Smith, Ennis and E. H. L. Thomas.

The committee on leadership and program consists of Messrs. Roberts and Symington of Camrose, P. C. McCrae of Wetaskiwin, and W. Bakins, of Leduc.

It was generally agreed to hold the camp early in July, on the north shore of Pigeon Lake and have the fee small enough that no boy would be barred on account of lack of funds for both registration and board.

It is possible, if the request is made, to hold a camp for girls on the same site and with the same equipment immediately after the boys leave for their homes.

## C.P.R. Lawn Bowlers Play Wetaskiwin Club

Members of the C.P.R. Lawn Bowlers club entertained the members of the Wetaskiwin club on the occasion of the official opening of the 1926 season on the greens on Saturday afternoon and evening. Eight mixed rinks played during the afternoon "when warm sunshine and bright blue skies aided the enjoyment of the game."

This was seen to be how at the following an attractive supper in the clubroom served by the C.P.R. Women's Lawn Bowling Club committee, the games were resumed, Wetaskiwin losing by a small margin to the home club. Mr. W. Hayward as skip of a selected C.P.R. rink, lost by one point in a closely contested game, to Mr. Gohard's rink from Wetaskiwin. The guests departed later in the evening with warm expressions of appreciation of the enjoyment and keen pleasure experienced at the hands of their hosts and hostesses. The committee in charge of the entire affair included Mrs. W. Hayward, Mrs. D. J. McLeod, Mrs. J. W. Keppel, Mrs. D. J. Madocks, Messrs. W. Hayward and J. W. Keppel.—Journal.

## HOSPITAL BOARD'S MONTHLY MEETING

The monthly meeting of the hospital board was held on Wednesday evening, when several matters were dealt with.

Miss Johnson, the superintendent, submitted a report for April, showing that there had been thirty-one patients admitted, 227 hospital days and ten operations. The report was adopted.

The house committee and visiting committee submitted their reports, which were adopted.

Mrs. Hanna and T. T. Jerne were named the visiting committee for the current month.

Accounts to the amount of \$468.82 were passed for payment.

The finance committee was authorized to interview the several municipal councils for the purpose of securing the customary grant, and renewing the agreements with the hospital and to include the village of Millet in this arrangement.

## BAWLf BOY MAKES HOLE IN ONE

Bawlf, May 15—Gordon Magee, a high school boy of this town, made a record for Bawlf on the golf course here recently. Gordon, who is a member of the golf club, drove the ball from the second to the third hole, a distance of 220 yards, making the hole in one stroke, thereby qualifying for several awards offered by manufacturing firms. This is the first any player in Bawlf has made a hole in one.

## U.F.A. LEAGUE STANDING

The following is the standing of the U.F.A. baseball league to date:

Team	Won	Lost	P.C.
Bear's Hill	2	0	1000
Dahmuel	2	0	1000
Gwynne	1	1	500
Cherry Grove	0	2	
Malmo	0	1	

## OBITUARY

### RICHARD GEORGE GARDINER

A gloom was cast over the community this week when it was learned that Richard George, son of Mr. and Mrs. Thomas Gardiner, 4 miles northeast of the city, had passed away. He underwent an operation at Pigeon Lake at the Wetaskiwin hospital a few days ago after the appendix had been ruptured, and it was really too late to have a successful operation. He was aged 11 years and 3 months, and was born in Prince Edward Island.

The funeral took place Wednesday afternoon, service being conducted in the First United Church by Rev. A. L. Elliott. The interment was in the Wetaskiwin cemetery. The floral tributes were especially numerous and beautiful.

## SETTLEMENT OF MINER'S STRIKE SEEMS HOPEFUL

London, May 15.—Future general strikes in England have been made improbable, if not impossible, by the agreement signed yesterday by railwaymen and miners with their employers.

While England, with cooling tempers, settled down to work and a speedy ending of the wrangling which has engrossed government, labor and employers for the better part of two weeks, important conferences between miners, railwaymen and employers were going on in various offices in London.

Premier Stanley Baldwin was meeting with miners and mine owners at separate conferences and making proposals which held high hopes for a settlement of the miners' strike within a short time.

Agreements signed between railwaymen and their employers and between printers and their employers were taken as boding the death of any more general strikes. Both groups of workers promised never to strike again without first negotiating with their employers.

This was seen to be how at the whole idea of a general strike, as such a movement to be successful must come almost without warning.

## BREAK INTO POETRY WHEN RAINS COME

To the residents of some portions of Canada the feeling of uncertainty which prevails in Alberta regarding the rainfall may seem hard to imagine, but its importance cannot be over-estimated. When the weather is good, it can be very good, but when it is bad, even western men say they cannot do justice to its "badness."

In days gone by when P. H. Elton was a respectable newspaper man, and before he succumbed to the lure of the law courts, he wrote a piece about the rain, and the Lethbridge Herald has reprinted part of it in a recent issue, which appears to hit off the local feeling towards "precipitation."

"It's raining rain, rain to me, It's growing wheat upon the plains, And grass among the hills, It's fattening beef and making wheat For our Alberta mills; It's not raining rain for me, It's raining dollar bills."

## NEW AUTOMOBILES BOUGHT RECENTLY

Rev. A. L. Elliott has purchased a de luxe model Overland six sedan. J. F. Richards is driving a new Chrysler six coach which he purchased last week.

H. J. Montgomery purchased a McLaughlin Master Four touring car from E. R. Pendleton this week.

Mr. John Tannis, Sr., Mr. Alfred Nelson and Mrs. Carl Dickau purchased Oakland six sedans from E. R. Pendleton, of Pendleton Motors, Edmonton, recently.

John Schreffels reports sales of Chevrolet cars to the following in the district recently: C. A. Johnson, H. A. Martin, A. E. Dowdell, Chas. Dowdell, H. G. Young, touring cars, F. H. Watson, and G. H. Smith, sedans; E. Landell, a coach; G. W. Wallin, a coupe, and Sam Schmidt, a landau sedan.

## CORRECTION

In the list of enumerators published last week, the name of Wm. Maxwell was inadvertently omitted.

## BOWLING SEASON OPENS ON FRIDAY

The Wetaskiwin Bowling Club will open the season Friday evening of this week, when the rinks will be formed and the first games will be played and the league will be played. It is expected that several Edmonton players will be down.

## VICTORIA DAY IS A HOLIDAY

Monday next, May 24th, is a public holiday, and all places of business in the city will be closed all day.

## RURAL CREDITS BILL TO FOLLOW BUDGET

An Ottawa dispatch says: The bill which seems to create a system of rural credits will be one of the first matters taken up after the budget is disposed of. It is promising of contention. The loan and mortgage and insurance companies view the measure as encroaching upon their prerogatives and their influence will be felt in the house and also in the senate. The main purpose of the bill is to secure money for farm credits at cheaper rates of interest than now prevail, but the interest rate is not stipulated, nor can it be very well. It will depend upon the cost of raising money from the projected bond issue plus the overhead cost of administration. No particular good will be accomplished unless the rural credit rate be less than that which is now prevailing. There is some grumbling about the matter in Progressive circles and the expression of a desire to have a specific rate of interest fixed, the difficulty in the way being due to uncertainty as to the ultimate cost of financing the proposition. The matter could be adjusted if the government would absorb any deficit above a certain rate, but its financial commitments are already so extensive that there is no convenience to take on unnecessary obligations. The outcome of the enactment is nebulous.

## May 24 is The Day Of Tennis Tournament

The following outside towns have been invited to participate in the big tennis tournament here Monday, May 24th: Camrose, Leduc, Stettler, Perimeter, Bashaw, Edberg, and Birtum Lake. In order to combat the array of tennis talent that will be on deck from the above clubs, the local players of would-be racket wielders are requested to get out on the courts early in the morning for special practice.

You are again reminded, that in order to participate in this battle, you must hand in your name to the illustrious and industrious secretary, Miss Robinson, on or before Saturday night, May 22.

Let us show these visitors not only a good time, but also that we have some of the best tennis players in this part of the world.

The general public is cordially invited to visit the courts and see such outstanding players as Jacky, Loc, Davies, Lafferty, Steve Martin, and Casey players. There will be no admission to watch them. Prices will be awarded.

## BRITISH SETTLERS ARE DUE SHORTLY

One of the largest parties of British settlers to be brought to Alberta this year will arrive in Edmonton toward the end of next week, according to information received by local officials of the C.P.R. colonization department.

British immigrants to the number of 150 will reach Quebec on May 16, continuing their journey to Edmonton at once.

Included in the party are 22 families, as well as a large number of single men. Fourteen families of Hebrideans will be settled in the Clan Donald colony at Vermilion, the remaining eight families being booked for Red Deer.

Ten Britishers are also due here Saturday morning. They will be found employment in the Stettler district. Saturday's arrivals by C.P.R. also will include seven Scandinavians for Leduc and eight for Wetaskiwin.

Arrivals arrived last night and were placed in farm jobs in the various districts of central Alberta.—Edmonton Journal.

## HIGH SCHOOL BOYS IN AUTO ACCIDENT

As the high school basketball team was returning from their outing at Red Deer on Saturday evening, their auto struck some loose earth on the road about four miles south of the city, and turned a complete somersault.

None of the boys escaped without serious injury as a miracle. The car was only slightly damaged.

## FARMS ARE SOLD

Rosenholtz Limited report the recent sale of the Earl Berry farm, south of the city to Harry Dewar, who has purchased the property of late Mr. H. H. H. They also sold the J. G. Cornell farm, north of the city to Alex. Syssoloff, a recent arrival from Manchester, who will build a house there on this summer.

## LOCAL STUDENTS HAVE VICTORIES DAY AT RED DEER

The Wetaskiwin high school students spent a successful day in Red Deer on Saturday last. With victories in the three games of basketball played, and two events out of the five in tennis to their credit, we can feel justly proud of them.

The tennis team was composed of Mae Baxter, Eddie Robinson, Ethel Walker, Arthur Brickman, Lyle Weisner and Arthur Ward. Wetaskiwin lost three of the five events but won 32 games to Red Deer's 23.

The girls' basketball game resulted in a victory for the local girls with a score of 25-23. The play was close throughout, although Wetaskiwin was at all times a sharp shooter in the lead.

For Red Deer Lillian Garscadden proved herself a sharp shooter and had the greatest number of baskets to her credit. For Wetaskiwin, the honors were divided between Mae Baxter and Hazel Hanson. Norma Campbell, Mae Baxter, Martha Irvine, Arnold Hanson and Arley Kaul' were the local quintette.

The boys played two games. In the first with the high school it took two periods for Wetaskiwin to accustom themselves to the hardwood floor, but in the third period there was no question as to the winning team. The score was 37-25 in favor of Wetaskiwin.

In the second game with the Red Deer Battery team, they had no difficulty in winning by a score of 33-17.

The boys' team was composed of Wilbur Lyle, Mike Ahousafy, LeRoy Greiner, Arthur Ward and Keith Pagan.

Referees—L. Casey and Mayberry. The school authorities wish to take this opportunity of thanking those who so kindly provided cars for transporting the students to Red Deer.

## GRADUATES SENT OUT INTO WORLD

Edmonton, May 15.—For the 16th time in its history as the chief institution of higher learning in the province, the University of Alberta held convocation yesterday afternoon.

The convocation was attended by a new contingent of graduates into the world. The event was a brilliant and impressive one, and Convocation hall was crowded with students, teachers and citizens. Lt. Governor McEbert headed the academic procession with Chancellor Mr. Justice Beck, who presided over the ceremonies that followed.

The graduating class numbered 197 young men and women, to whom certificates and diplomas were presented in the accustomed way. No honorary degrees were conferred.

Dr. James Hertram Collip, professor of biochemistry and head of that department, but better known out of the university circles as co-discoverer of insulin, was presented with the degree of D.Sc. Dr. Collip was greeted with hearty rounds of cheering in recognition of what he had done as a student, teacher and scientist.

After invocation by Bishop Gray, the president of the University, Dr. H. H. H. made his report on the academic year, which was shown to have been a highly successful one in all departments.

The convocation address was delivered by Rev. Thomas Hall, who gave the newly hatched graduates a charge as to the need of opportunity of use in their education and training fully and officially in the interests of their fellows.

The awards of scholarship, prizes and medals were announced by Dean Kerr.

President H. H. H. stated that the registration for the past year had totalled 1,302, of whom 387 were men. Of this number, 985 were British subject, and of these 806 were Canadian. Thirty states of the union were represented; 13 European nations, while three were withdrawn from Asia, four countries and one from Africa. Forty religious denominations were represented.

## REORGANIZES, SUNDAY SCHOOL

The people of the Battle River community reorganized their Sunday school at a meeting held recently in the Angus Ridge school.

The officers and teachers elected were: Supt.—N. A. Krueger. Sec.—Mrs. A. J. Rik. Organist—Delma Kruegerfeldt. Teachers—Mrs. Bailey.

Intermediate—Mrs. C. R. Shantz. Adult—Mr. Elliott.

The meeting hour is 3 o'clock each Sunday.

## APPRECIATION

The W.A. of Immanuel church wish to thank all those who contributed and worked to make the tea and food sale on Saturday such a gratifying success.

## COUNCIL MAKES GOOD GRANT TO AGRIC. ASSOCIAT'N

### Half Holiday Bylaw Referred to Solicitor, Discussion on Proposed Gas Well

The regular meeting of the city council was held Tuesday evening with all the members in attendance.

After the adoption of the minutes of the previous meeting, the large demonstration of business men present lodged a complaint that the action taken by the council in connection with exempting some of the merchants in the early closing bylaw was not in order. A. A. Ellis, the spokesman, stated that several difficulties in the bylaw had to be cleared up, and requested that the action be rescinded and a new bylaw drawn up. After deliberation it was agreed that the entire matter be referred to the city solicitor for advice.

Capl. Patterson of the Salvation Army, addressed the council on the question of holding a convention on July 1. The request was granted.

The petition of Burke's Garage for water connection was referred to the committee for action.

The Alberta Refineries wrote offering a car of crude oil to be used on streets, and gave quotations. The matter was referred to the public works committee.

The council gave its consent to the withdrawal from the city of the property recently sold to Mr. Printup in the northeast quarter of the town.

A deputation from the Exhibition Association, comprising Messrs. L. H. Newville, C. C. McMurdo, E. R. Hanson, J. P. Johnson and Wm. Barry, addressed council respecting the financial condition of the association, and asking for grant of \$500 to help relieve the responsibility of the city in connection with the exhibition, whose names are on a note for \$4100. It is hoped to reduce the debt by \$1500.00. After discussion it was agreed to make a grant of \$500, to be applied toward the liquidation of the old indebtedness.

The matter of drilling another gas well was considered after the letter from the Board of Public Utility Commissioners was read. The conditions set forth in the letter were considered and a lengthy discussion ensued in which Aldermen Chandler and Paton opposed the proposal. Ald. Brown favored the installation of an auxiliary gas engine and generator at an expenditure of about \$6000.00, agreed to refer the matter of procuring engine to the utilities committee to bring in a report at next meeting.

The matter of securing allowance in amendment to the Mothers' Allowance Act, asking for number of persons who would be affected by the provisions of the new act.

The following accounts were passed for payment: General \$471.68; Electric light, \$206.79; Waterworks \$311.65; supplementary revenue, \$383.30.

The finance committee made several recommendations with reference to the tax sale list, and other matters which were adopted.

Ald. Parker gave notice of motion to amend bylaw, reducing floor rental space of drug stores from 15 per cent to 10 per cent.

The public properties committee reported having rented several lots for pasture purposes.

The offer of Alderman Paton to purchase property on Thuis street for \$50.00 was accepted.

The offer of Mrs. Scott to redeem property south of court house was accepted.

## FIRST SOD FOR COLLEGE TURNED

Edmonton, May 15.—The first sod was turned in the construction of St. Joseph's College by His Grace Archbishop O'Leary, immediately following the convocation exercises on Friday afternoon. This Roman Catholic institution, which will be built upon the university campus and in affiliation with it, will have accommodation for one hundred students in its dormitories. In addition, the building will be equipped with lecture rooms, a dining-room, chapel, gymnasium, billiard rooms, assembly hall and

## Weekly News Bulletin

### Alberta Pool Gets Elevator

The Alberta wheat pool has leased the Dominion government terminal grain elevator at Prince Rupert, on the Pacific coast. The elevator is a modern plant with capacity for 1,250,000 bushels.

### Seeding Bee

A total of 350 work horses, 41 cultivators and 20 seed drills were in operation at one time in a seeding bee held near Spring Coulee by the residents of the district, for the purpose of putting in the 200-acre crop of Mr. H. J. Juhner, whose husband died recently.

### Vigorous Attack on Weeds

The vigorous campaign conducted for the past two seasons on weed eradication will be continued this summer. Fourteen supervisors have been named and will be put in the field at once. Conference of these supervisors with department officials and weed inspectors of the various municipalities is being held this week at the Olds school of agriculture.

### Fine Record for Holstein

A three year old Holstein cow at the Alberta government farm at Oliver, has just completed a record production of 15,978 pounds of milk, averaging 4 per cent butterfat, over a 365 day test. Another animal, a two year old, completed a 352 day test with a production of 11,422 pounds of milk, averaging 4.01 per cent butterfat to its credit.

### Savings Certificate Figures

On April 30, 1925, there was on deposit with the provincial government in savings certificates the total of \$6,280,123.00. On April 30 of this year, the total had reached \$9,711,664.00.

### Committee on Taxation at Work

The work of the committee recently appointed by the government to advise with the provincial treasurer on financial matters, got under way Monday morning when the first meeting was held at the parliament buildings. Matters pertaining to the inquiry into revenue and expenditures of the province were discussed and plans formulated for a thorough study of the problems, local and provincial. A considerable amount of information has already been gathered, and is now being compiled for future use.

Recognizing the principal purpose of the inquiry, that of reducing the burden of taxation on the rate-payers of the province, the committee will make a close study and comparison of our system of taxation with those in vogue in other parts of the Empire as well as the States of America.

The important question as to the rights of the province and of the municipalities in the field of taxation is one phase that is to receive careful consideration as invitations have already been extended to local governing bodies in the province to place their views before the committee regarding any of the matters coming within the purview of the inquiry.

### Sound Finance

"Whaddya' think ob Mistah Smith, de bankah, Mose?" "Mistah Smith, de bankah? He's a fine gen'leman. Yes, sah. And a good man, too. I've borrowed over six hundred mon' a yea' now, an' he ain't nevah ask fah it. All I do is to bilk him a quahd dollar ev'ry Saddy—what he calls intrust—an' he teds me not to worry about the principal, 'wh'ch am de five."

## HOME CONDITIONS AMONG INDIANS MUCH IMPROVED

The Indians of the prairie provinces of Canada, all things considered, have been remarkably successful in their efforts at farming and stock raising. Recent reports from officials of the department of Indian affairs indicate the rapid progress made by these wards of the government in fitting themselves to meet the new conditions of life amid which they are placed. Their material advancement and prosperity is probably in no way more markedly reflected than in the better home conditions apparent on every hand in the reserves in Manitoba, Saskatchewan and Alberta. The housing conditions are so greatly improved that they compare favorably with those of the newer white settlements, while the change in attitude toward education and hygiene is a cause of satisfaction to government officials.

Probably the improvement in the dwellings of the Indians has been the most rapid of any of the changes in the home and social life of the Indians. The teepees, which during the earlier development, gave way to the log shack, has now almost entirely disappeared and practically is now only used for seasonal hunting trips.

The log cabin is now being rapidly replaced by dwellings of lumber, lath and plaster, and although some log cabins are still being built, the new buildings, with shingled roofs and lumber gables. The newer types of homes are substantial and commodious, with two or three bedrooms, a dining room, and a living room. These homes are well furnished and well kept, showing by their tidy and sanitary appearance the results of the frequent visits of the travelling nurses. The barnyards of the farms also bear evidence of the change which is taking place. Poultry, pigs, cows, and sometimes sheep are kept, indicating that the Indians now see the advantage derived from this side of farming.

In the matter of medical attention, the development of a new attitude has been very gratifying to the government officials. Four hospitals, with full staffs, and four travelling nurses are maintained on the reserves in western Canada. An increasing use is being made of the hospitals while the work of the travelling nurses is also showing good results.

Each succeeding year the number of pupils attending the Indian schools shows an increase indicating the growing realization of education on the reserves. A few years ago the Indians were opposed to sending their children to school, but most of them have come to realize that education will help them and they now appreciate the advantages provided for them in this respect. The fact that many of the parents are graduates of the reserve day schools or industrial schools also accounts for the growing interest in education.

The advancement of the Canadian Indian has been rapid during recent years and along lines that will eventually lead him to self-support and independence. To those responsible for this work, its success is gratifying and its future promising.

## World's Poultry Congress Held at Ottawa, July, 1927

In 1927 will occur the most momentous event that has ever happened in Canadian poultry development.

In the later part of July and the beginning of August of that year will be held in the city of Ottawa, the World's Poultry Congress which will undoubtedly be the greatest gathering of those interested in the poultry industry that the world has ever seen.

From all parts of the world, from the east, the west, the north and the south, will flock to Ottawa—the poultryman's mecca for the time being—people interested in this great and rapidly developing industry.

Exhibits demonstrating all phases of the poultry industry will be staged and this is written with the idea of drawing to the attention of Canadian poultry breeders the wonderful opportunity that will be afforded them to show to the world just what they have and what they can breed. Canadian breeders will be particularly fortunate because there will be at least three sections in which they can exhibit their birds.

1. The National Exhibit in which two tris of each variety may be shown.

2. Specialty club and other association exhibits.

3. Exhibits of individual breeders. Prospective entrants should get in touch with the executive committee secretary, J. H. Hure, department of agriculture, Edmonton.

### Sound Finance

"Whaddya' think ob Mistah Smith, de bankah, Mose?" "Mistah Smith, de bankah? He's a fine gen'leman. Yes, sah. And a good man, too. I've borrowed over six hundred mon' a yea' now, an' he ain't nevah ask fah it. All I do is to bilk him a quahd dollar ev'ry Saddy—what he calls intrust—an' he teds me not to worry about the principal, 'wh'ch am de five."

When we do all we can, God's strength comes behind us and completes the endeavor.

## TOWN TOPICS

Mrs. J. H. Knowlan, who has been visiting in Edmonton, returned home on Monday.

Oliver Roulestone, who was renewing acquaintances in the city for a few days, left for New York on Monday.

W. Bridgeham and family motored to Lacombe on Sunday last and visited at the home of Mr. James Wright.

The Mission Friends Ladies' Aid will meet at the home of Mrs. Johnson on Friday, May 21, at 3 p.m.

The current issue of the Alberta Gazette announces the appointment of R. M. Angus as a police magistrate.

Rev. A. L. Elliott left Wednesday to attend the presbytery of the United Church which is being held in Edmonton.

Pete Ryan left for Edmonton Tuesday afternoon, where he will play baseball this season as a member of the Elks' team.

The City Plumbing Store has been engaged to install the plumbing, heating and electrical work in the new block next to the post office.

Wm. Paton has purchased the Terry property on Thelus street, where he will make his home as soon as some improvements can be made.

Nels Lindén is at Olds this week attending the convention of the weed inspectors of the province. He is the inspector for the M.D. of Montgomery.

The summer train schedule was inaugurated on the C.P.R. on Sunday last. The only change here is in the evening train, which arrives a few minutes earlier.

Geo. L. Owen is in Calgary attending the race meet. He has a string of horses on the circuit and hopes to get a good share of the prize money this season.

A. Brun received a telegram on Tuesday advising him that his oldest son had died at Tacoma. He and Mrs. Brun left on Wednesday's train to attend the funeral.

George Gohard, Jr., is at present very ill in Edmonton, following a severe attack of pneumonia. It is hoped that he will soon be on the road to a rapid recovery.

Mrs. Jack Bryholtz and daughter, Violet, spent the weekend at the home of Mrs. Curtis Krause. The many friends of Mrs. Krause are glad to learn that she is home again from the hospital.

Mrs. Freeman Kelley and daughter, Violet, spent the weekend at the home of L. G. Kelley. They were en route to their home at Cooking Lake, after spending the winter in California.

Mr. and Mrs. H. R. French and son left Saturday night on a month's visit with relatives in Montreal, and other points in the east. Mr. French will also represent the Kiwanis Club at the international convention to be held in Montreal next month.

On Sunday, May 16th, Colonel McLean, of Vancouver, delivered a most interesting and illustrative lecture in the Angus Theatre, to a good representative crowd of citizens. His Worship Mayor Montgomery and other prominent men supported the Colonel.

## IN SHABBYTOWN

In Shabbytown they do not care if things look seedy everywhere. They have no pep, they've lost their grip, they simply sit around and yip, in every way, of Glossville, the shabby village on the hill. Oh, Shabbytown is punk and gray, and it shows symptoms of decay, and strangers passing through remark, "It surely dates back to the ark."

"Clean up and Paint up" makes men frown along the streets of Shabbytown. A can of paint makes no appeal to this hilly, down at heel; the people think there is no sense in going to so much expense; so things are always going down, and getting worse in Shabbytown. It always gives my soul a thrill when I arrive in Glossville. The town looks like a blooming bride; the people take a hearty pride in making things look clean and bright. In their labors take delight. They're lavish with the helpful paint, selecting colors chaste or quaint, and decorating every shack; thus warding off the beauty's attack and making all the buildings look like budding girls read of in a book. And strangers, when they see the town, cry, "Here we'll come and settle down, and raise us nineteen kids apiece, and live and die as sleek as grass."

This happy burg goes right ahead, while Shabbytown is prone and dead.—Walt Mason.

## LADIES' BOWLING CLUB

A meeting of the Ladies' Bowling Club was held at the home of Mrs. D. Baker on Wednesday, May 12, when the club was organized for the season. Officers for the year were elected as follows:

Hon. Pres.—Mrs. W. Carruthers.  
Vice Pres.—Mrs. W. Groves.  
Sec.—Mrs. D. Baker.  
Sec. Treas.—Mrs. F. C. Childy.  
The following are the skips:—Mrs. Groves, Mrs. Wynne, Mrs. Baker, Mrs. Baxter, Mrs. Paton, and Mrs. Newville.

Play commenced on Tuesday afternoon of this week and the draws will be published monthly in The Times.

## The Bride's Housekeeping

"Any ice this morn'g?" asked the woman when he knocked at the door, seeing a new tenant in. "I think probably we shall need some," said the bride. "What kinds of ice have you got, mister?"

Grocer—"Shall I kill a couple of these chickens and send them over to the house, ma'am?" Mrs. Newville—"Well—if you're sure they're fresh, you may."

Remember this, that very little is needed to make a happy life.—Marcus Aurelius.

## NUTRITION

Nutrition is the keynote of modern health teaching, of magazine and newspaper writing, even of advertising. It is a popular subject — the words "calorie," "vitamin," and "mineral" hold no terrors even for the lay person. Old and young discuss diet with ease and conviction. The interesting part of it all is that the housekeeper thinks she is exactly right and that she is conscientiously following certain rules which will bring health to the members of her family. There is no phase of homemaking about which women are more sensitive than their meal planning. "Oh yes, we have only the most nourishing foods — plenty of milk and vegetables." But if these same women will show us their itemized food bills for the month in nine cases out of ten they will not check against the standard nutrition teachers give of as much for milk as for meat, and as much for fruit and vegetables as for milk.

A careful study of the menus actually served in families often discloses an abundance of meat and potatoes and a lack of foods containing vitamins, minerals and other regulating substances. We know that unwise selection of foods may mean dietary disturbances such as rickets, anemia, gastric ulcer, constipation and diabetes. Why is it so hard to convince the unspecialized woman that she is responsible if her children have these diseases — which should be easily avoided?

We teach nutrition in the schools. It is too soon for us to tell if our work is functioning. When today's pupils have married and are raising families we will know if the nutrition inoculation really "took." But we will have lost track of most of the girls by that time — and our authority as a teacher may have lost weight. It will again be as in the case of the mother speaking scornfully of the unmarried social worker, "What does she know about raising babies. I've buried three."

What is the solution of the problem of teaching nutrition for health in everyday life? Our foremost duty is to give both girls and boys an appreciation of the importance of food selection — and a sincere feeling of personal responsibility.

Whenever we see women or girls eating a hunch of ice cream soda, or a breakfast of griddle cakes and coffee or a between meal pacifier of candy or rich sundae, or a dinner of wheat, potatoes, coffee and pie, we feel that their nutrition training has not been entirely successful — and we see far too many such meals. Perhaps enough emphasis has been laid on the relation between food and good looks. Wise selection of meals means a clear skin, bright eyes and a general feeling of well being — Et.

## WHY I BUY AT HOME

Because my interests are here.  
Because the community that is good enough for me to live in is good enough for me to buy in.  
Because I believe in transacting business with my friends.  
Because I want to get what I buy when I pay for it.  
Because my home dealer "carries" me when I am short.  
Because every dollar I spend at home stays at home and works for the welfare of the town.  
Because the man I buy from stands back of the goods.  
Because I sell what I produce here.  
Because the man I buy from pays his share of the city, and country taxes.  
Because the man I buy from helps support my church, my schools, my home.  
Because the man I buy from gives value received always.  
Because when ill-luck, misfortune, or bereavement comes, the man I buy from is here with the kindly greeting, his words of cheer and his pocketbook, if need be.  
Here I live and here I buy.

## THE ADVERTISING WAY

There are two sides to every question. That is just as true in advertising as in an argument. In advertising there is the side of the advertiser and the side of the public. From the viewpoint of the advertiser in the newspaper, advertising is a means of increasing his volume of business. Commercial development has made advertising as necessary to retail business as customers. The other side of the question is that of the public. To the public newspaper advertising means the bricking of the store show-cases to the office and the living room. It is a service extended to the public by the advertiser, because it aids the customer in ascertaining where that which is wanted can be purchased at the most advantageous price. Newspaper advertising has abolished shop-searching. To save time for the shopper lengthens his day. So although there are two sides to newspaper advertising, there is no disagreement between the two. Finding that advertising serves the public as well as business, the merchant has two reasons instead of one for advertising, and the customer learns that the most progressive merchants are the most extensive advertisers so there is a double attraction. By the nature of business, if advertising didn't help the buying public, it could not help the advertiser.

# The Resources of an Empire!

## For Present and Future Development in the Province of Alberta

**D**AME NATURE has been kind to the Province of Alberta. No Province of Canada occupies so strong a fundamental position as Alberta, with its great wealth of agricultural and other resources, the development of which has only just begun. Surely, then, with so sure a basis for faith and confidence in the future, the people of Alberta need not hesitate to face the problems that arise, nor to join in the shoulder-to-shoulder movement for the intelligent promotion of the development of these great resources. Knowledge of these resources is all that is necessary to create confidence. It is for this reason that this newspaper presents below a brief review of Alberta's wealth and possibilities.

### 20 Years of Progress in Alberta

	1905	1925
TOTAL VALUE AGRICULTURAL PRODUCTS	\$20,000,000	\$256,000,000
WHEAT PRODUCTION (bushels)	3,000,000	103,000,000
DAIRY PRODUCTS, VALUE	\$ 1,000,000	\$ 23,000,000
COAL PRODUCTION (tons)	931,000	5,800,000
MILES OF RAILWAY	1,000	4,800
POPULATION	200,000	640,000

**AREA**—254,000 square miles, twice as large as the British Isles, larger than France or Germany. Population 2.3 to the square mile, compared with 389 per square mile in the British Isles, 184 in France and 328 in Germany.

**AGRICULTURAL LANDS**—More than 60,000,000 acres of fertile lands capable of cultivation still untouched.

**FREE HOMESTEADS**—More than 15,000,000 acres of land still open for free entry.

**IRRIGATION LANDS**—One million acres now under irrigation, three million more capable of irrigation.

**COAL**—Largest coal resources of any similar area in the world. Alberta has 14 per cent of the world's coal reserves; 72 per cent of the British empire coal reserves and 87 per cent of Canada's reserves.

**NATURAL GAS**—Four large fields now operating, supplying four cities and several towns with gas fuel.

**OIL**—Two producing fields, one containing the richest producing oil well in the world, bringing in 15,000 barrels monthly of almost pure naptha, in the Turner Valley. In the Wainwright field wells producing 80 to 150 barrels a day crude petroleum, other wells promising. Other fields being developed.

**TIMBER**—60,000 square miles of merchantable timber, including 270,000,000 cords of pulpwood.

**TAR SANDS**—15,000 square miles of rich tar sands, suitable for paving material or oil extraction.

**OTHER MINERALS**—Include salt, bentonite, clay for ceramics, building stone, etc.

**WATER POWER**—Utilized and available estimated at 1,750,000 horse power.

**FISHERIES**—Extensive commercial fish possibilities. Annual production valued at \$400,000.

**FURS AND GAME**—Annual value furs and game over \$2,000,000.

**TOURIST ATTRACTIONS**—Three big mountain parks, including some of the most famous mountain resorts and scenery in the world.

This page is published by this newspaper as part of a united effort by the Alberta Press Association to place before the people of Alberta the strong fundamental position of this province, her progress to date, and the great possibilities for the future.

AN ALBERTA COAL MINE

A FARM SCENE IN ALBERTA

## TURNED UP ALIVE

Sarnia, Ont., May 17—Adelard Lebert, formerly of Stony Point, Ont., came to this city today to find that he was legally buried after supposedly taking his own life by cremation in the furnace of the boilerhouse of the Imperial Oil Company, here on July 26 last. He made full inquiries

about his supposed death, and then stood by.

Lebert claims he has been residing in the state of Washington for four years, and has not been in Sarnia for 20 years. He did not learn of his supposed death until two days ago, when he visited his brother at Stony Point, and nearly shocked him to death. The brother had never come to Sarnia to

view the body. Inquiry at Port Huron tonight revealed that Mrs. Manley, Lebert's former wife, was away from her apartment house, which she is stated to have built with the \$10,000 insurance collected on her former husband's life and named the Adelard Apartment out of respect for his memory.

view the body. Inquiry at Port Huron tonight revealed that Mrs. Manley, Lebert's former wife, was away from her apartment house, which she is stated to have built with the \$10,000 insurance collected on her former husband's life and named the Adelard Apartment out of respect for his memory.

## His Cash Register

"But, sir," insisted the persistent agent, "I want to sell you the most wonderful cash register that was ever put on the market. It will keep account of what you take in, what you pay out, and what you spend, how you spend it, and—"

"My dear fellow," interrupted Mr.

Meeker, with a wan smile, "I already have a cash register that does all of that."

"Indeed!" And may I ask the name?"

"Yes; my wife!"

**LABELS WILL TELL WHEN YOUR SUBSCRIPTION IS DUE**

## When You Travel

Are you going abroad this year? If so, we suggest you carry a Letter of Credit. It is the most satisfactory method of providing your needs in foreign currencies. It acts as an introduction to bankers in all parts of the world, and then, your funds are drawn from your own Bank only as you draw on the Letter of Credit.

## The Keeper of the Bees

(Continued from Page 3)

are much company to me. I will say good-bye now. I want you to know that I am thinking about you almost constantly in my waking hours. Be sure to see Grayson. He is mighty fine. He might be able to suggest something that would make you less white and help you to gather strength. Now it's good-bye."

"Good-bye," said Jamie, "and rest easy. Amongst us, Margaret Cameron, the little Scout and myself, we can manage the bees. There is no difficulty whatever about the flowers and trees. I've already got that routine." Then Jamie went down and found the office of Doctor Grayson and half an hour later he went home with a big bundle of antiseptic dressings and without a drop of medicine. He had been advised to follow his impulses. If his body cried out for cold salt water, to indulge it. If the demand was to lie in the sand in the sun, to go about.

Jamie went to several stores and bought some things he needed with the assurance of a man who has the price in his pocket. Then he went home and for the first time in two years he changed his occupation; he was thinking about life instead of death. He put away things that he had bought and then headed straight for the beach under the bequeranda at the top of the blue garden.

### Chapter 11

A few days later Margaret Cameron came to Jamie with a pair of packets that she had fashioned from unbleached muslin. When his wound was dressed and he slipped on one of the contrivances and buttoned it, he felt like a man who had just been redeemed. The bandage was so much lighter in weight, so much easier to wear than what he had carried for two years. Above all, it served its purpose and did not constantly remind him of his weight and the ceaseless chafing across his shoulders and under his arms of the fact that it was there.

For a week he and Margaret worked together, "fixing their fences," they called it. They planned the best time of the day to do the sprinkling. To the extent of the knowledge of either of them, they watched over the bees. As slowly and easily as possible Jamie went about everything that week. He kept religiously to the diet that they were working out, and every morning at ten o'clock he put on the Master's bathing suit, and went down and marched boldly into the ocean. After the first few ventures, he discarded four and went in until the waves broke over him, and before the week had passed he discovered that by lying on his right side, stroking with his right hand and using his feet, he could trail his left arm and swim a few strokes. When he was thoroughly chilled with the splash of the cold salt water, then, in a spot he had selected, he stretched himself on the hot sands, and fell sound asleep. When he awoke he would be thoroughly warm from the heat of the sand beneath him and his body would have dried while coated with the salt water.

When he reached the house, he went straight to the bathroom for a shower, applied fresh dressing, and clothed himself, and by that time Margaret had brought his lunch. As regularly he took the tomato juice in the morning and orange juice in the afternoon, and instead of either tea or coffee, he drank milk with his meals. He went to the book shelves, but in his new resolve to fight to be of some good in the world, he passed by the tempting volumes of romance and ancient natural history. He laughed at them and talked to them and repeated in their faces rich phrases from their unique pages.

Back in the depths of his mind, Jamie decided that when the Bee Master returned he would be so weak

## Walked the Floor Heart and Nerves Were So Bad

Mr. Thomas Cox, R. R. No. 1, Goldroy, Ont., writes:—"I was so bad with my heart and nerves I would have to get up out of bed during the night and walk the floor, as I would take such bad smothering spells, with my heart, I would think that sometimes I would die before I got over them."

After taking two boxes of

## Milburn's Heart and Nerve Pills

I got better and am now as well and as hearty as ever I was.

Now, I would recommend Milburn's Heart and Nerve Pills to all who are bothered in any way with their heart or nerves, as I cannot say too much in their praise."

Milburn's Heart and Nerve Pills have been on the market for the past 22 years; see that you get them when you ask for them.

Put up only by The T. Milburn Co., Limited, Toronto, Ont.

## THIRD FORTNIGHTLY GOV'T CROP REPORT

Issued by the department of agriculture, Edmonton, May 17, 1926:

Seeding of wheat is practically completed throughout the province, and seeding of coarse grain is well advanced. Early sown wheat is well above the ground and looking healthy. Growing conditions generally throughout the province are excellent. The weather since last report has been generally cool and showery, with a few very warm days. Almost every part of the province has been moistened by rain which has varied in extent from light showers in some districts to heavy downpours in others. Southern districts have received a fair amount of precipitation, and in spite of some soil drifting, conditions in these districts at present are satisfactory. In the central and northern districts rain has been more general.

The outstanding comment to be made upon the situation at present is the fact that all growth in the province is much in advance of other years. Foliage appeared much earlier than has been known for some time, and the completion of seeding has been recorded considerably earlier than former years. Early sown wheat is now several inches above the ground in many districts and is growing rapidly. More rain will be

needed than it might be a year at least before he would be able to go on with his work, and during that time he would stay on the job, if the Master wanted him, and he would learn everything there was to know about bees.

It was after ten days of religious following of this schedule that Jamie awoke one morning, and instead of arising immediately, lay still to take stock of himself. He stretched his right leg as far down in bed as it would go and wiggled his toes. Fine. There was not a hint of soreness. He tried the left leg with the same results. Then he tried the right arm and then the left and then he stretched his whole body and threw his weight on the back of his head and his heels and drew up his shoulders and eased them down, and the result of the exercise so delighted him that he tried it again. He decided that it might not be a bad thing to work out a form of exercise and put himself through it every morning on awakening.

The result of this was that he could accomplish very much more in a day among the bees and with the flowers than he had been doing.

At that he realized that the time was coming speedily when he must have help in removing the honey and it seemed that there might be too many queens. So the next time he went to the hospital for a visit with the Bee Master, he asked where he could secure help when the day came that he would need it, and the bee master gave him the address of John Carey, another keeper of bees with whom he had occasionally exchanged work in times of honey collecting and waxing.

(Continued next week)

## WATERY END FOR CHICAGO

Port William, May 17.—"Chicago is being blamed today for stealing water from the Great Lakes. A future day will see that city not only in possession of all the water it needs, but more than it wants, for it will be submerged, under Lake Michigan."

This was a statement made by Professor Goodwin, of Toronto, in a lecture here. He declared that facts of earth movements already known to science pointed out that the north shore of Lake Superior was gradually rising, while the south shore was sinking.

Canada was getting more land, the United States losing ground in a corresponding amount, due to these earth movements. Within probably 50,000 years, the St. Lawrence waterway would be totally dried up and the waters of the great lakes would flow south towards the Gulf of Mexico. Vessels would pass over the present site of Chicago.

needed in some districts if this rapid growth is to be sustained, but at present conditions may be said to be quite satisfactory.

Cutworms are still active in some districts but measures to control these apparently have been generally effective.

Pasture generally is good and stock is in splendid condition.

Latest reports show that the average increase in wheat acreage will be about ten per cent, with practically the same in other grain crops. Potatoes in the south will show a big increase, and there is some increase in sugar beets, seeding of which is well advanced.

New Brunswick contains 27,911 square miles.

## Good Tea

is just as cheap as poor tea. A pound goes so much further because it is richer in essential oils.

The essential oils produce the flavor.

To be sure, always ask for

## NABOB TEA

"TEA AS IT SHOULD BE"

## Masqueraders Aplenty!

Here and there you'll find the dealer who stocks a case or two of Orange-CRUSH—sells it promptly—then tells you he is just sold out—"Here's something just as good." He is willing to sell an inferior substitute for the sake of less than ½ cent more profit per bottle. What would he do for ten cents?

Respect and patronize the dealer who hands you Orange-CRUSH when you ask for it. He pays more than he would have to pay for products of inferior quality. Yet he knows that Orange-CRUSH is more profitable to handle because it brings him a larger volume of sales.

## Refreshing Sweetness of the Luscious Orange

MILLIONS of luscious oranges plunged in the tide of California's golden glow—their luring juices destined for the Krinkly Bottle! No wonder you like delicious Orange-CRUSH. No wonder Orange-CRUSH is the largest selling, fruit-flavored drink in the world. And how children love it!

Look for the Orange-CRUSH Krinkly Bottle. In it you can get this genuine true-fruit drink. Always identify it by the name Orange-CRUSH blown right into the Krinkly Bottle. And Mothers—why not have your nearest dealer send a case today? Serve the CRUSHES at home.

Here's why Orange-CRUSH is so good:—

First, the juice of luscious oranges—next, the delightful flavor of their peel—next, sparkling carbonated water. Add the zesty tang of the fruit acid found in oranges, lemons and limes—a pure food color, such as you use in your cakes and candies—pure cane sugar. A wonderfully delicious drink with a world-wide reputation for purity and wholesomeness.

## Orange-CRUSH

Lemon-CRUSH

Lime-CRUSH

WHEN you get double protection against "runs"—and the lasting beauty of pure thread silk—and the long wear of fibre silk "reinforcement"—and still pay only \$1—then you'll have the equal of this history! But try and get it—outside of Monarch Green Stripe. All good dealers carry Monarch Hosiery.

## WOMEN'S INSTITUTE

The Millet Women's Institute met at the home of Mrs. H. Brinker on Wednesday, May 12, with 20 members in attendance. In the absence of Mrs. Phillips, Mrs. Wright acted as secretary.

The roll call was answered by "Spring Tunes." The main business was transacted, Mrs. T. Howes read a paper on "Social Service in Canada" written by Mrs. Hoskins. The paper discussed the following:

1. Immigration.
2. Military.
3. Neglected Children in Alberta.
4. Child Dependency.

After singing "God Save the King" lunch was served by Mrs. Brinker, assisted by Mrs. Lloyd Marr, Mrs. Harkness and Mrs. T. Rogers.

Next month's meeting will be held at the home of Mrs. W. Woods. Roll call "Cool Drinkers." Program, impromptu speeches on topics selected by the program committee.

## THE NORWEGIAN NATIONAL HOLIDAY CELEBRATED

The Norwegian national holiday was celebrated on Sunday last by a large congregation in the Wang district. Special services were conducted by Rev. Horking. Following the service the people gathered at the home of Mr. and Mrs. T. B. Jernie, many being present from Millet, Wetaskiwin, Edmonton and Camrose. Refreshments were served, several speeches made and recitations given, and a social hour spent.

## IN MEMORIAM

In loving remembrance of John Dinny, who passed away, May 21st, 1925:

Gone but not Forgotten  
A precious one from us has gone,  
A voice we loved is stilled,  
A place is vacant in our home  
Which never can be filled;  
God in His wisdom has recalled  
The boon His love had given,  
And though the body slumbers now  
The soul is safe in heaven.  
We loved him, yes, we loved him,  
But Jesus loved him more,  
And he has sweetly called him  
To yonder shining shore.  
The golden gates were opened,  
A gentle voice said "Come!"  
And with farewells unspoken,  
He calmly entered heaven.

The Western Canada wheat pool is a great advertising force in the United States, and draws settlers to the west.

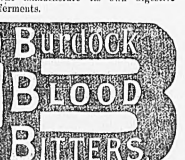

## WOOD'S PHOSPHODINE.

The Great English Preparation, which cures all forms of blood poisoning, makes new blood, cures all forms of blood poisoning, makes new blood, cures all forms of blood poisoning, makes new blood.

## Does Dyspepsia Or Indigestion Cause You Distress After Every Meal?

The sufferer from dyspepsia or indigestion who has to pick and choose his food is the most miserable of all mankind. Even the little he does eat causes such torture, and is digested so imperfectly that it does him little good.

What the dyspeptic needs is not artificial digestants, but something that will put the stomach right so that it will manufacture its own digestive ferments.

## Rheumatism

Minard's is the enemy of all rheumatic troubles. But it is thoroughly and often.

It cures the pain, supplies the joints, puts new life into the tissues.

## MILLET LOCAL NEWS

Miss Gayfer, of Daysland spent the week-end with Miss Aikens.

## Neighborhood NEWS

## HILLSIDE

Mr. and Mrs. L. E. Marr were Wetaskiwin visitors Friday, calling on their daughter, Miss Leila, who is attending high school.

The Junior U.F.A. held their regular monthly meeting on Friday evening in the school. Lyle Marr and Harry Lind were chosen as delegates to the University Farm Week for farm young people to be held in Edmonton next month.

New cars noticed in Hillside—Mr. H. G. Young, Chevrolet touring; Mr. G. L. March, Ford touring.

The U.F.A. held their regular monthly meeting on Friday evening at the home of G. H. Marr, J. O. Harvey and H. Young were appointed delegates for the forthcoming political convention. It was decided to hold the next meeting at the home of H. G. Young in June. We may mention that June the 19th was set as the date for the annual picnic. There were five ladies present.

An epidemic of German Measles is going the rounds.

Our young friends who have been suffering with whooping cough have fully recovered, while a few of the other members are still "whooping."

## CAMROSE

(From The Canadian)

The first signs of political activity in Camrose in preparation of the coming provincial elections is the calling of a convention by the Liberals for the selection of a candidate to contest the constituency. The convention will be in the form of a mass meeting of all Liberals of the Camrose provincial constituency, and will be held in the Elks' hall, on Wednesday, May 26, at 7 p.m. Capt. Joseph T. Shaw, the newly appointed leader of the Liberals, will be in attendance at the convention.

Mayor John Douglas left on Tuesday evening for Ottawa, where he will take up with the Dominion government the matter of securing lands for the accommodation of visitors to the Norwegian celebration in July, and will also interview the government with regard to the erection of a post office building in Camrose. Up to the present it has not been possible to make satisfactory arrangements with the government for the loan of the tents.

## BITTERN LAKE

Little Cecil Turquist who has been very ill with pneumonia, is improving nicely.

Mr. and Mrs. G. A. Turquist wish to thank the many friends and relatives who so kindly assisted them during the illness of their little son.

C. J. Peterson and daughter Agnes were Wetaskiwin visitors on Thursday.

Sam Roth is now the owner of a Ford car.

Mrs. Gus Falk was in Edmonton a couple of days last week receiving medical treatment.

Much work is now being done on the land around here, and great activity is being shown in clearing and breaking new land. Rain is needed badly.

Agnes Peterson spent Sunday with her cousin at Crooked Lake.

Freda Turquist, of Gwynne, returned home on Sunday after spending a week with her brother, G. A. Turquist, and family.

Mr. and Mrs. C. J. Peterson and Mrs. Falk spent Sunday with the Langries and Carbons.

Anyone wishing to have news items inserted in this column kindly phone R2602.

An error appeared in the issue of The Times a couple of weeks ago in which it stated that Mr. and Mrs. G. Falk and Elizabeth Chambers spent
